

ARNP

Job Description:

Join our caring staff on our mission to provide personalized, quality, medical, dental, and behavioral health services to all. We are a federally qualified health center in Mason City looking to add another ARNP to our staff. Great hours working a regular Monday through Friday business schedule. The Nurse Practitioner (NP) provides professional medical services in the community health center setting. Under the direction of the CMO, the NP provides comprehensive primary care services to all patients within the life cycle (newborn to geriatrics). The NP collaborates with other members of the health care team in the management of patients to coordinate referral and follow-up care.

Qualifications:

- Current Nurse Practitioner certification and eligible for Licensing in Iowa.
- Demonstrates satisfactory knowledge and clinical judgment to provide appropriate care for clinic patients.
- Bilingual English/Spanish highly preferable.
- Demonstrates an understanding of and sensitivity to the health care issues facing low income and underserved populations.
- Must possess a valid Iowa NP license.
- Board certified in family practice or other primary care specialty
- Current CPR, BCLS
